

FILMING NOTICE

Dear Residents,

Please take a moment to read the following information about **the proposed filming of the production 'Z'**. Our request has been submitted to the Mississippi Mills Town Council through the Almonte Town Hall. Cipher Film Ontario Inc. would like to provide you with as much information as possible about our presence in order to help you prepare for our arrival and anticipate how our activity might affect your daily routine.

On June 21st: We have requested permission from Mississippi Mills to film several driving scenes with 2 or more picture vehicles on Bridge Street, High Street, Mill Street and Old Perth Road and the surrounding area. The Ontario Provincial Police will be on site to assist our production with traffic control and ensure that our production is executed in a safe and effective manner. We are asking for their assistance to ensure that our impact is minimal on the community.

On June 22nd: We will be filming at 137 Elgin Street, 73 Mill Street (Café Postino) and 14 Bridge Street (Almonte Town Hall) between approximately 1200 on June 22nd and ending at 0400 on June 23rd, 2016.

On June 22nd, we will be doing most of our filming outside of 137 Elgin St. with a quick shift to 14 Bridge Street, then a quick shift to 73 Mill Street. **While we are in the process of obtaining permission from Mississippi Mills Township for a full road closure from 2100 onwards on Mill Street, there will be some encroachment in terms of blocked off parking beginning at 1800.** There will be some scenes being filmed with gear in the middle of Mill Street and two picture vehicles on site.

We will try to minimize the impact we will have on your daily routine as well as accommodate whatever requirements you may have.

While our basecamp will be located at the Almonte Curling Club, there will be several trucks on site. These will be parked on Anne St. and Church St. These trucks will arrive in the morning and will be parked for about 14 hours, before moving to another location.

Our trucks were parked in the same configuration as they were on the 6th of June, with similar encroachments onto Elgin St. Once again we apologize for any inconvenience and will do all in our power to minimize the impact of our activities in your neighborhood.

While we are in your neighborhood, you can also talk to our on-site representative:
